\*Please note that all professionals on this list have been vetted by the Nassau County Department of Consumer Affairs and have the necessary training, insurance, manufacturer certifications, and experience for O&M operations.

\*Please note that as per your signed Provisional Grant Award & Agreement, all grant awardees are responsible for having an active Operation and Maintenance contract in place at all times and must allow the Service Provider access to service, inspect, operate and maintain system components. If the Grant Awardee fails to comply with these requirements, the County and/or District reserves the right to withhold payment or demand repayment of Grant funds.
